## FILMING GUIDELINES

### Application Process

Transdev Sydney Ferries (TDSF) requires all people and entities who wish to film or take photographs whilst aboard a Ferry for non-personal use to complete the attached Application for Filming and Photography and submit to TDSF for approval.

We request all applications to be submitted at least 10 business days prior to the proposed filming date with a corresponding Public Liability Insurance Certificate of Currency to a value of minimum \$20 million.

Any request within 10 business days of filming will attract an extra fee of \$2000.

TDSF will reply in writing within 3 business days of the notice received to advise of our acceptance or otherwise of the application and with our Terms and Conditions under an **Agreement** for the filming or photography to be undertaken.

### Filming Requirements

We request production personnel to be present onsite 30 minutes prior to filming commencement.

All production members, actors and film crew present on the filming date are required to purchase the appropriate ferry ticket for their journey unless chartered.

Filming must occur off-peak between 9.30am and 3.30pm Monday to Friday. If you require filming out of these times, please note this in your application for filming. Filming outside these hours will attract an additional fee at TDSF's discretion.

When filming on a wharf or vessel, the production crew must always carry a copy of the TDSF executed Film Agreement to show to TDSF personnel upon request. The Film Agreement is proof of your right to film.

We do not allow filming in any ferry crew-only areas such as a Vessel wheelhouse, Control Room or Balmain Shipyard.

The production crew must maintain a high degree of ferry operations awareness at all times. They must not disrupt the operations of Transdev Sydney Ferries or its employees in the performance of their duties and the comfort of the passengers carried by Transdev Sydney Ferries.

Production Companies should ensure they comply with the Recommended Film Industry Safety Code for their filming.

**Note:** Due to the increased demand on services during the summer period, Transdev Sydney Ferries may not process any filming requests during mid-December to the end of January.

### **Changes to your filming date**

If wet weather prevents filming or photography on the agreed date, Transdev Sydney Ferries will work with you to schedule an alternative filming day.

### **Fees**

All prices are listed in \$AUD and are GST exclusive. For international Production Companies a foreign exchange conversion fee will apply. All fees to be paid at least 5 business days prior to filming.

Period	Fees (GST ex)
Up to 1 hour	AUD \$3,000
1-4 hours	AUD \$8,000
4 – 6 hours	AUD \$12,000

Fees are subject to change if filming requirements change.
